25M Roll Opal58% For CHAN110,120,130,140,170,180,260,520,630,740

PRODUCT OVERVIEW

Achieve a clean, continuous finish for your lighting installation with our opal diffuser, offering a 58% light transmission rate for a soft, evenly diffused glow. Our most popular option, it effectively minimises dotting with SMD strips and creates smooth, uninterrupted lines of light with COB. Supplied in a convenient 25m roll, it's ideal for installations where the LED profile is in direct view, eliminating the need for joins that can disrupt the visual flow.
