

# 1DIFF240OL25M70

25M Roll Opal 70% For CHAN240,250

## PRODUCT OVERVIEW

Achieve a clean, continuous finish for your lighting installation with our opal diffuser, offering a 70% light transmission rate for a soft, evenly diffused glow. Our most popular option, it effectively minimises dotting with SMD strips and creates smooth, uninterrupted lines of light with COB. Supplied in a convenient 25m roll, it's ideal for installations where the LED profile is in direct view, eliminating the need for joins that can disrupt the visual flow.
