

LCDM600

Remote Dimmer 12/24VDC IP20 8A

PRODUCT OVERVIEW

LCDM600 controller pack includes both the remote and receiver, providing a complete wireless dimming and switching solution in one convenient kit. It delivers smooth, flicker-free dimming and switching using reliable 2.4GHz wireless technology, with a remote control range of up to 30 metres in open areas. Featuring an auto-transmitting function, each receiver can relay the signal to another receiver within 15 metres, extending total control distance beyond 100 metres. The system is also compatible with data repeaters for expanded output and enhanced signal coverage.
