

LCRMSD-R11

Remote-Dimming-2.4Ghz-1Zone-IP20

PRODUCT OVERVIEW

Designed exclusively for single colour LED control, this sleek black touch remote features an ultra-sensitive adjustment slide for smooth, precise dimming. Each remote can be paired with one or multiple compatible receivers for flexible control. Powered by a CR2032 battery and complete with a clear LED indicator, it also includes a magnetic back for easy mounting on metal surfaces or its holder. A compact, modern control solution in a premium black finish.
