

LCRMSD-R6-1

Remote-Dimming-2.4Ghz-1Zone-IP20

PRODUCT OVERVIEW

Designed exclusively for single colour LED control, this clean white touch remote features an ultra-sensitive adjustment wheel for smooth, precise dimming. Each remote can be paired with one or multiple compatible receivers for flexible control. Powered by a CR2032 battery and complete with a clear LED indicator, it offers simple, reliable lighting control in a sleek modern finish.
