

## LDNF380

LED Neon 380 Vertical Bend W16.5 x H16.5mm IP68

### PRODUCT OVERVIEW

Our LDNF380 LED Neon Flex offers a versatile, high-performance solution for replacing traditional neon signage and enhancing exterior architectural features. Designed to deliver a clean, continuous line of light, it combines modern LED efficiency with the classic neon aesthetic. Available in a wide range of outputs and colour temperatures, as well as colour and pixel chasing options, the 300 Series provides flexibility to suit everything from subtle accent lighting to dynamic feature installations. With an IP68 rating and high UV resistance, this neon flex is built to perform in demanding outdoor environments, ensuring long-term durability and consistent appearance even under harsh conditions. Installation is streamlined with a comprehensive range of end connection options and mounting accessories, allowing for efficient setup across a variety of applications. Backed by a 5 year warranty, the LDNF380 delivers a reliable and adaptable lighting solution for both signage replacement and decorative lighting projects.

### CONTROL OPTIONS
