

LDRTW350-20W-58V

Led Driver 350mA 1-20Watt 2-58VDC IP20

PRODUCT OVERVIEW

The LDRTW350-20W-58V is a reliable IP20 rated constant current LED driver designed for efficient indoor lighting applications. Delivering a stable 350mA output with a wide voltage range, it supports LED loads from 1 to 20 watts, making it suitable for a broad range of constant current luminaires. Designed for practical installation, it features large loop through terminals for TPS cabling and a fast snap down 230V terminal cover for added safety and convenience. Suitable for indoor use, or external use when housed in a compliant enclosure, this driver is backed by a 5 year warranty for added peace of mind. Please note, this model is not phase dimmable.

PRODUCT INFORMATION

CODE

LDRTW350-20W-58V

VOLTAGE OUTPUT

2-58V

AMPS OUTPUT

0.35A

SAFETY

AS/NZS61347 EN55015
