

LDSL300-RGB-6W

Led Spike Spot 6W 12VDC RGB IP67

PRODUCT OVERVIEW

The LDSL300-RGB-6W is a high-performance RGB exterior spotlight delivering vibrant colour changing illumination in a durable IP67 design. Operating at 6W, 12V DC, it includes a 1m 4-core cable and can be installed as either a surface mount fixture or paired with an optional spike for garden applications. With a 38° beam angle, it provides controlled, focused lighting for landscape and architectural accents. These fittings draw a small inrush current at start-up, please refer to our recommended driver guide to determine the maximum number of fittings supported per driver. Garden spikes sold separately.
