

LEDCHAN200OL

Shallow Surface Mounted 16mm x 16mm Aluminium Profile

PRODUCT OVERVIEW

LEDCHAN200 is a low profile corner/surface mounted extrusion designed to deliver a wide 120° beam angle, making it ideal for display lighting, under cabinet applications, and above bathroom mirrors when mounted on its side. When paired with the appropriate LED strip, it provides smooth, even illumination, enhancing visibility while maintaining a clean, unobtrusive aesthetic. Its compact form allows it to integrate seamlessly into tight architectural spaces.
