

LS200E-48V-24W-RGB

LED Strip Classic 24W/m 48V RGB IP65

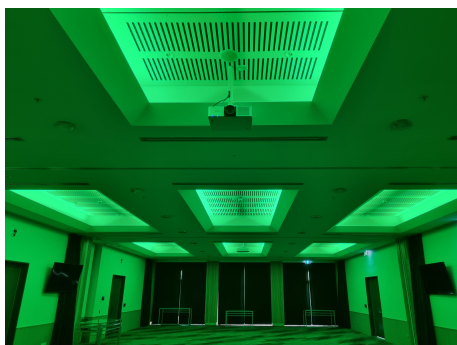

PRODUCT OVERVIEW

Bring vibrant, dynamic lighting to your space with our 48V RGB Colour Changing Strip, designed for long single feed runs through efficient 48VDC operation. The LS200E RGB delivers rich, saturated colours with smooth transitions across the full RGB spectrum, making it ideal for feature lighting, hospitality venues, bars, retail displays, and architectural applications where colour versatility and visual impact are key. LS200E RGB has an IP65 protective sleeve which shields the strip from dust and moisture, ensuring reliability in both indoor and semi exposed environments whilst been able to integrate with a wide range of control systems such as DMX, DALI, CASAMBI, WIFI, handheld remotes and more offering flexibility and customisation for any lighting project.
