

LS300-24V-14W-TW

LED Strip COB 14W/m 24V CRI90 2700K-6500K Tuneable White IP20

PRODUCT OVERVIEW

The LS300 Tuneable White LED strip is a great lighting solution for both residential and commercial spaces, offering adjustable colour temperatures from 2700K to 6500K. Compatible with PWM, 0-10V, and DALI control systems, it allows you to easily adjust colour temperature, brightness, and scheduling through a range of control options. Featuring a Chip-on-Board (COB) design with 640 LEDs per metre, this strip delivers smooth, dot-free illumination and consistent light output, making it ideal for use in shallow profiles.
