LED Strip 25W/m 24V RGBW CRI90 2700-6500K Tuneable IP54(S)

PRODUCT OVERVIEW

Experience versatile, high performance lighting with our 25W/m RGB + Tuneable White COB Strip, with an IP54 silicone spray coating for enhanced protection against dust and light moisture. Designed for both residential and commercial environments, this strip offers exceptional flexibility, enabling everything from subtle architectural accents to dynamic, colourful displays. Featuring integrated RGB + TW technology, the strip allows full spectrum colour mixing alongside independent white light adjustment from a warm 2700K to a crisp 6500K, delivering complete control over ambience, mood, and visual impact. Its COB construction ensures a continuous, dot free line of light, making it ideal for modern design applications where uniform illumination is essential.
