

# LS150

## Elite Series 24VDC Interior LED Strip

Constant current single colour LED strips with integrated IC offer precise current control, ensuring stable and consistent brightness.

These LED strips are commonly used in applications that require reliable long lasting lighting, such as architectural lighting, commercial displays and interior decoration.

There advantages lie in accurate current regulation, ensuring consistent brightness, and improved heat management, enhancing the life span and reliability of the LED strip.

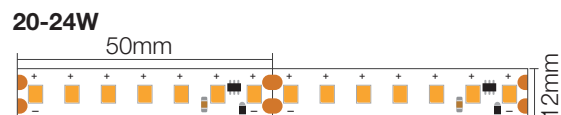

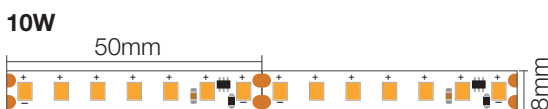

### Features

- Suitable for applications for long runs without voltage drop
- L70 @ 50,000hrs
- Working temperature of -25° - 60°C
- 5 year warranty based on correct installation
- Backed with 3M tape ready install inside aluminium profile

### Specification

Code	Wattage	CRI	Lumen Range	Amps Input	LED Type	LEDs/m	Max Run
LS150-10W-3K	10W/m	90	1100Lm/m	0.41A/m	2835	140	15m
LS150-10W-4K							
LS150-15W-3K	15W/m	90	1650Lm/m	0.625A/m	2835	140	15m
