

DSCON-MINI10-20

Strip Connector MINI 10mm SMD/COB Multi Pack

PRODUCT OVERVIEW

Designed for quick and efficient LED strip installation, the 10mm Mini connector is a user-friendly design that allows for a quick, tool-free connection. This multi-pack provides a mix of connectors, including strip-to-strip, corner, and tail connectors. This combination allows for straight joins, clean directional changes, and tail feed options within a single pack.

Multi-pack of x5 Corner, x5 Joins and x10 Tail Connectors.
