

DIMENSION DRAWING (MM)

DSCON-MINI10-CNR-5

10mm Corner Connector Pack

PRODUCT OVERVIEW

Designed for quick and efficient strip installation, the Hippo-M Mini 10mm connector is a great solution for creating 90° joins or T sections without soldering. Compatible with our LS700 & LS700S COB range, as well as 10mm SMD LED strip, this connector is well suited to joinery and cabinetry applications where space is limited.

Pack of x5 Corner Connectors.
